

HPF: Portable Beadless Fusion

Electrofusion for PVDF

The revolutionary High Performance Fusion (HPF) welder is fully automated. The resulting weld has high mechanical strength and 100% repeatability. The elimination of the heating element prevents contamination from a heat source. HPF is ideal for multiple applications that require pure, smooth welding surface to reduce contaminants and pressure drop.

Features:

Welds: 20mm (1/2") - 63mm (2") SDR Pipe

The system is extremely portable and supplied with 7 foot cable leads that are able to reach difficult areas. Barcode entry sets parameters for each diameter. The internal bead is eliminated using an inflatable balloon.

Includes:

- Clamp Set, 3 per Size
 - 2" Narrow Fitting Clamps
 - 7 Foot Cable Leads
 - Bar Code Reader
 - 110 V Transformer
 - Crate: 43" X 37" X 28"
 - Weight: 365 lbs
- (We recommend tool is only used on dedicated circuit)**

Available for Rental Only
Part Number: 9786000
Rental Rates: See Page 21

Rental rates do not include balloons, see below.

Options:

ELECTROFUSION BALLOONS			
INCHES	SIZE	PART #	PRICE
1/2	20mm	5788005	219.75
3/4	25mm	5788007	219.75
1	32mm	5788010	225.75
1 1/4	40mm	5788012	232.50
1 1/2	50mm	5788015	242.25
2	63mm	5788020	258.75
