

Miniplast Shop 4

The Miniplast Shop 4 is a compact manual butt fusion tool for sizes 20mm – 110mm (1/2” – 4”) for PE, PP & PVDF pipes. 110mm OD master clamps ready for reducing inserts to handle full range of sizes. Both basic clamping tools swivel up to 15° on each side for the fabrication of segmented bends. Mechanical force application by spring power, with welding pressure scale.

Heating element is nonstick-coated, with connection cable and power plug, control lamps for system and interval checking, on/off switch, electronic temperature setting and control.
