

List Price Increase Announcement for Listed Actuation Products

To Our Valued Distributors,

Due to cost increases of raw materials and related supply chain events, it is necessary to increase our list prices on the following actuation products, effective on February 28, 2022.

List prices for the following actuation products are increasing on average by the following percentages:

Series 83, 92, 19: Increase of 8%

Series 94: Increase of 15%

Series 17: Increase of 30%

Series 10 w/ mounting.: Increase 35%

Series 10: Actuator Only: 40%

Pneumatic Actuation: Increase of 8%

Electric & Pneumatic Actuator Options: Increase of 8%

Any orders placed at standard distributor discounts, current pricing shall be accepted prior to February 28 2022, or as supply allows. All orders placed on or after February 28, 2022, shall be based upon the new list prices.

Orders with special project pricing that are placed during the month of February 2022 may need to be reviewed depending on terms; please contact your regional manager for confirmation.

Once posted, new list prices can be found online at www.asahi-america.com

Thank-You,
