RE: PVDF Piping Systems Price Increases

Date of Issuance: 02/18/22

To Our Valued Customers,

Due to abrupt changes within the PVDF materials supply chain, we are announcing immediate changes to current pricing for all PVDF piping systems products. We will be issuing new list prices for all affected PVDF products sometime next week (week of 2/21/22). All quotes and purchase orders shall be under review in order to determine final pricing, prior to formal order acceptance.

Please contact your regional sales manager for additional details regarding these changes. We appreciate your understanding and cooperation as we navigate through these unavoidable supply chain related events.

Thank-You,

Asahi/America
